WHAT WE ARE ALL ABOUT

The incontestable luxury, quality and creativity of the products designed by us, have made the name Decmore synonymous with excellence. Comprised of a young and a dynamic team, our company wants to bring a new outlook and a better alternative to the existing products in the market. Our products are durable, strong and aesthetic. The panels are produced in various colours and designs to satisfy your amazing requirements when it comes to creativity & design .

Decmore is a designer and manufacturer of high-end decorative surfaces and components for wall paneling based in India and exports it to all the corners of the globe. Decmore panels are made using eco friendly materials.

OUR MISSION

We endeavor to offer the most sophisticated design solution for commercial, high-end corporate, and residential complexes. We place immense value on our relationships with our clients, employees, and business vendors. Our customizable designs are environmentally friendly and sustainable. We offer the perfect paradigm of reliability, safety and integrity. We exist to satisfy the needs of our clients and our main motive is for them to find the best decor solution for their personal space. Our goal is to provide products with the best design, quality and concept, and with each day passing by, we aim to become a better version of ourselves so as to keep you happy.

STRONG

Our panels are multilayered and built of high quality materials, We use engineered wood which makes them chipping and corrosion resistant.

DURABLE

We manufacture decorative panels which are not only stylish but also eco friendly and long lasting. Panel are made from moisture resistant engineered wood.

AESTHETIC

We offer a Variety of colors, textures, sizes and finish that allows you the total freedom of expression during the creative process.

Our Products

PRODUCT SPECIFICATION :

Dimension : 2433mm x 606mm (8'x4') apx.
 Thickness : 6mm
 Material : Smart surface engineered wood
 Finish : Matt finish with ceramic polymer coating.

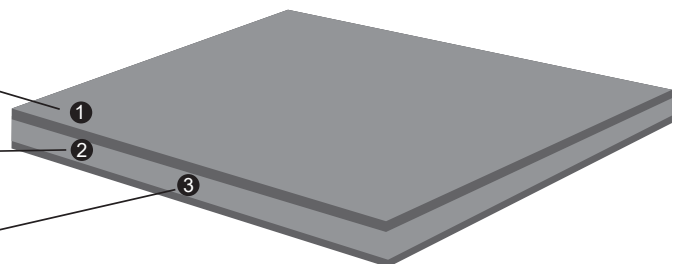

PRODUCT FEATURES :

Matt finished, eco friendly with no plastic content, water resistant, uv resistant, strong and durable, wide range of colors and designs.

Matt Finish with Ceramic Polymer Coating,
 hard surface with clarity of design and depth

Engineered wood made by residuals into
 wood fiber as smiliar in application to plywood

Rough bonded backing layer for better and
 quick installation with moisture resistance.

STRONG & DURABLE

UV-RESISTANT

WATER RESISTANT

BORER PROOF

ECO- FRIENDLY

Application/ installation Guidelines

In the decorative panels industry most of panels are introduced in the market as wall panels. Decmore panels are designed & developed as art panels with high finish so that a designer can easily apply the panels as on walls, as well as in furniture.

Back side of the Panel

Adhesive

Apply a generous even coat of adhesive to the product, immediately wipe off excess glue with a soft damp cloth, and dry with clean soft cloth afterwards to avoid adhesive from getting in front of the product. Being extra careful to avoid damages on sheet's face surface, apply the decorative panel after polish and finish work has completed. Please apply paper tape on side by side to fix the sheet perfectly.

Cutting & Trimming

To avoid damage, don't use hand saw. Sheet surface must be face-up when cutting, to avoid chipping, trim with cutting machine (Circular saw min, 6000rpm).

Cleaning and Care

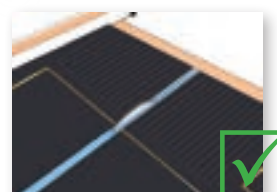

Wipe the area using a soft cloth.

Nailing & Drilling

For fixation panels avoid nailing and if it is necessary be careful to nail in the right place without damaging design.

Seam

If gaps occur at the joints, use approximate colour fillet. Immediately remove any excess filler. Wipe off but avoid scratching the surface.

*Being a processed and handmade product , the colour may vary slightly.
